

Dear friends and members of CIFEJ

In the fall of 2009 we complete a two-year period from the transfer of the HQ to Africa.

This opening by CIFEJ to another continent created some adaptation difficulties, which I hope we managed to overcome.

In order to expand CIFEJ's activity to other continents we have accepted the proposal by the FUBON Foundation to organize the GA in Taipei.

Find all the necessary information at the sites of CIFEJ and FUBON and acquire the free package of accommodation provided by FUBON for the members of CIFEJ. Note that the reorganization of CIFEJ will be based on the views of its members.

For this reason we have ensured time to be heard in the GA views and new proposals for CIFEJ actions.

The submission of nominations for new board members will contribute decisively in the renewal of our objectives and activities.

Learn about the whole organization of the GA from Maikki Kantola and ask information regarding the promotion of your views and work on the site of CIFEJ by Miomir Racievic.

Better to communicate before we arrive in Taipei.
Let us achieve what we want CIFEJ to really mean.
An open forum which is continuously renewed.

Best Regards

Athina Rikaki
President-CIFEJ
